Professional Experience and Curriculum Vitae
Painter, sculptor, photographer, ink artist and the author of 'uninspiring short stories'.

Kelly Jade is a visual artist, dangerous sculptor, and part-time writer. Having somehow lost the circus she was traveling with as a child she continues to embrace clown attire in the hope of being found.
Among Kelly's eclectic likes are: avocados, undesirable hats, philosophy, roller-skating, spots, stripes, circuses, dotty cookies and Sherlock Holmes. She admits to going weak at the knees at the sound of old men's voices.
Working from a home studio in Brighton, SA, she aspires to being a regular talking-point at "high tea art-lovers" gatherings; whether in admiration, or fear.
