Professional Experience and Curriculum Vitae

?? 2PreForm is the works of Chun See Daniel Lim, an Amsterdam based motion designer, director and creator.??Daniel is a motion creative who has a strong interest for moving imagery and visual rhythm. He likes to be open-minded in his hands-on approach on each production process - which varies from direction, design to many diverse executions. His style often refers to something cinematic or surrealistic, but always aesthetically justified.??

Each time Daniel exceeds himself, because he likes to keep challenging himself to create even more stunning, imaginary (storytelling) visuals. With a main focus on Visual FX, CGI live-action, 2d/ 3d animation; creating e.g. opening titles, music video's, promo's, motion graphics, short films and more - Daniel is open to projects for various industries.??

Alongside commercial work, each year Daniel likes to spend time working on personal or collaborative projects. It enables him to gain more knowledge and be more creative on a conceptual level, as well as technical level.
