## Professional Experience and Curriculum Vitae

I create photo-realistic computer generated images for the Architectural and Product Design sectors.

With over 15 years of experience with 3D imagery I pride myself on producing an accurate, cost effective, personal solution to your visualisation needs; on time and on budget.

My goal is to take a brief and produce convincing images of the project that allows the designer to see the reality of their idea. 3D Visuals are a great tool for presentation and allow the client to see a 'photograph' of the finished design even before construction begins.

## Previous Clientele

Adidas  
Harrods  
Nike  
Vodafone  
Christian Dior  
Guess  
Regus  
Aquascutum  
Leicester Grammar School  
Martin Audio  
Maxxis Tires  
Blacklock Jewellery  
Bristol City Council  
SmartWater  
and many more...
