Professional Experience and Curriculum Vitae
Award winning textile designer, Alison Yule, creates hand woven fabrics that fuse contemporary design with traditional fibres and techniques and targets both the domestic and corporate markets. She specialises in unique products that are individually designed and hand woven for each client and can include wall panels, rugs, cushions, throws and window hangings. The quality hand woven fabrics are richly textured, but with a simplicity of design, and sit comfortably in a contemporary setting alongside furniture such as "Roche Bobois", "Minotti", "Sevensolotti", "Ligne Roset", etc. Her award winning suiting fabrics complement any wardrobe whether classic or contemporary. "As a hand weaver I can produce a stunning range of textures within my fabrics, unlike industry, ensuring that commissions are totally unique."

Previous Clientele
Artico, Private client - South Derbyshire, Private client - London, Private client - Devon, Private client - Leeds, Cherly Bordino, Trend Bible
