Professional Experience and Curriculum Vitae
PayCargo is a commercial online freight payments solution for the Ocean, Air, Trucking and Rail industries. PayCargo offers electronic tools that create significant efficiencies by automating the payments process with multiple financing options, dispute resolution, systems integration, email alerting, and report capabilities. PayCargo's financing options allow Carriers to enjoy advanced funding of Receivables and Shippers to qualify for additional credit terms on their Payables.

PayCargo helps companies in the international supply chain reduce operating costs, grow profits, dramatically increase cash flow, and improve overall liquidity.
