## Professional Experience and Curriculum Vitae

Hello! I am a full-time freelance illustrator and infographic artist based in Portugal, with more than 20 years of experience designing high-quality pieces. Bachelor degree in Advertising with specialization in Visual Journalism.

1000s of infographics developed... Literally  
100% original illustrations  
10 years working in an important daily newspaper (which by the time had +300k copies sold every day). In the last 10 years, I have been working as a freelancer, producing visual solutions for global companies like Coca-Cola, HSBC, Shell, Petrobras, Fibria, just to name a few.

These are some of the services I can provide

- Complex infographics
- Isometric illustration | both realistic and fun/cartoonish style
- Step-by-step illustrations
- How-to visual explanations
- Charts | for reports, white papers, presentations, infographics
- Characters design
- Illustrations | editorial, children book
- Technical drawing
- Maps
- Icons

Why hire me?

- Original ideas
- Original illustration in a unique style
- Meet deadlines
- Huge experience

Software skills

- Adobe Illustrator
- Adobe Photoshop
- Adobe After Effects
- Adobe In-Design
- Cinema 4D
- VideoScribe

My Goal

I aim to create a graphic work where Visual elements replace texts, communicating ideas quickly and entertaining, translating a complex piece of information into something comprehensible for everyone. For achieving this self-imposed goal I use vector for 90% of my drawings, trying to be minimalist whenever it is possible and using a limited color palette and basic geometric shapes. That old cliché 'minus is more' applies to my work, why not?
