**Professional Experience and Curriculum Vitae**

I am David, College Trustee" and "I am an education manager. I read a lot because I like learning new ideas; specifically I read fiction and poetry and essays on spell to bind someone to you because I write those things. I try to travel as much as possible whenever I get the chance. I love long ride, or calm time/solitude. Occasional trips are the right stress-busters. Ghats/Beach, both are great for a time-off.
