## Professional Experience and Curriculum Vitae

Working diligently to undermine the fabric of oppressive socialist society through the use of Art...or roofies. Whatever works better.

## Previous Clientele

Zonka

various street hoods

Larry down at the scrimshaw shop

some stupid websites

The rest I wouldn't describe so much as 'clients', as 'victims' or 'patsies'.

## Awards and Accolades

I'm pretty sure U.S. V Burr should cover it.

## Awards and Accolades

Women find me irresistible and small children like me. You think I care about some award?
