Professional Experience and Curriculum Vitae

AccuDock is a Pompano Beach, FL based company that offer solutions for all types of outdoor activities. Whether it is Rowing Docks for clubs and universities, Floating Platforms for commercial applications, residential customers looking for Kayak Docks or Floating Docks for lakes, or Aluminum Gangways, Accudock supplies it all. For more information, please contact us now to assist you in finding the floating dock system that fits your needs.

AccuDock® floating docks and platforms can also be customized with scaffolding that is fabricated using 6000 series Marine grade aluminum. Floats are specifically designed at our facility to attach to the foot of each scaffolding system to allow for a completely stable floating platform to work from. All welders are AWS certified.
