Professional Experience and Curriculum Vitae
Isabelle was born and raised in Montreal, Quebec. She has been drawing and painting for as long as she can remember. She studied art in college and did her B.A. in graphic design at the University of Quebec in Montreal. There she found her passion for digital illustration and collage work. She experimented a lot with digital collage. Through the years she has developed a style of her own that is both recognizable and very personal. The texture she uses, the richness of light and the personality of each character she create make her illustrations unique pieces. Isabelle is working frequently as an editorial illustrator, contributing to magazine and newspapers around the United States and Canada.
