Professional Experience and Curriculum Vitae
I am an illustrator and Graphic Designer based in Toronto, Ontario. My artwork is created using a combination of cut paper, acrylic paint, pencil crayon and ink. I'm an avid recycler and like to incorporate reclaimed and repurposed papers into my collages whenever possible. My aesthetic is quite feminine and whimsical. I have a keen eye for color and detail and I enjoy incorporating animals and nature in my pieces. I love the look of hand drawn patterns and delicate paper textures.
