Professional Experience and Curriculum Vitae

I am an Australian illustrator and artist who currently lives in the U.A.E.
I am in the process of transitioning from freelance graphic design for the Australian corporate sector, to building an illustration client base via the web.
My background as a former graphic designer allows me a high level of adaptability and objectivity.
My skills range from traditional drawing (pencil, oil pastels or ink) and painting (acrylic or oil) to photography, Photoshop and vector work in Illustrator.
I am equally happy working on digital illustrations or illustrations completed using more traditional techniques.
To view examples of my work, have a look at my site: http://jodimagi.com/
