Professional Experience and Curriculum Vitae
I'm a New York-based commercial portrait photographer who understands that the client's need for creative vision, collaboration, being able to think outside the box and explore new ways of capturing images along with working within budget is critical to a successful shoot. I work with a variety resources (video crew, producers, retouchers, stylists, rental houses, studios and assistants) to provide clients with unparalleled image quality that are conceptual in nature with a touch of humor.
