Professional Experience and Curriculum Vitae

I draw, design, and use the computer to make pretty pictures, logos, etc., and email them to clients for money. I know, sounds like a scam, but it’s a real job, I’ve been doing it for almost 20 years! I enjoy trying new techniques and yelling at my computer. I abuse Illustrator and Photoshop and fumble around on a place called the internet.

Previous Clientele

Hard Rock Cafe, Volkswagen, National Baseball Hall of Fame, CN Tower, Gatorade, Nascar, General Dynamics, State Farm
