### PROFESSIONAL WINDOW CLEANING VS DIY

**Why should I pay someone to clean my windows, when I can try to do it myself?**

**IT SHOULDN'T BE SO HARD?**

This is a huge waste of time!

Everything is tip top!

The DIY window cleaning may seem like an easy task at first, but the quality window cleaning depends on lots of different factors like humidity, position of the sun, temperature and many other. Are you sure you can make everything right by yourself?

### DIY vs. Hiring a Window Cleaner

What's the Difference?

#### DIY

You will have to buy all the cleaning detergent.

You will have to spend lots of money on tools you'll hardly use.

You'll waste lots of time on this task, instead of doing something more.

It's a hard job for only one person.

There are lots of hidden risks.

The results are most often not satisfying.

#### Hiring a Window Cleaner

All the pro's come with a set of expert tools and detergent.

It's a lot cheaper to pay a professional for the window cleaning.

The pro's don't need working on the weekends to save you time.

Pro's usually come in pairs to make the job easier.

All the pro's should be insured and completely insured in case of accidents.

The professional window cleaners usually provide great results every time.

Your home represents your identity and your lifestyle. And the windows are the eyes of the house. So why waste time in costly and painful mistakes when you can just do it once and enjoy your results?

### Interesting Statistics About the Australian Window Cleaning Business in the XXI century

There are nearly 6000 businesses in the window cleaning industry in Australia.

Total income from window cleaning services - \$ 2,137 million. Most of it is from private sector clients.

The window cleaning business has employed nearly 95,000 people.

The total expenses of the window cleaning business sum up to \$ 1,381 million, most of which given for labour.

The operating profit before tax is \$ 158 million per year!
