Professional Experience and Curriculum Vitae

Born with that mysterious artist's eye, Amy Rader was very determined to escape small town living and begin her journey. Awarded a full scholarship to the Art Institute of Atlanta in 1993, she graduated with the Best Portfolio Award and an internship at one of Atlanta's top ad agencies. Going solo in 2005, Amy has been using her unique gifts in both graphic design and art for projects that can be seen all over Atlanta. Projects include six large mural designs for Reign and Vanquish nightclubs, custom art and branding for Viande Rouge Steakhouse, Kolo Collection and Bill Hallman.
