Professional Experience and Curriculum Vitae

I'm a professional Illustrator, Animator and Graphic Designer living in Buenos Aires, Argentina.

I have a carrer in publishing and TV, working in a nice studio enviroment for all kind of clients worldwide. My work is all about having fun creating scenes and characters. And illustration is the best way to give them life.

My style is often changing. I enjoy trying new things and moving between different shapes and colours.

We can work together!

I am available for freelance illustration, storyboarding, digital animation, design, and concept work. My favourite tools to make the magic happen are Illustrator, Photoshop and After Effects (you can ask me about others I use less often). Remember that I love pretty pencils and little sketchbooks.
