Professional Experience and Curriculum Vitae

Award winning Travel and Reportage photographer Andrew Lever was born in Portsmouth England in 1969. After working in the Fashion/Advertising industry for 15 years he developed a passion for photography.

He attended Bournemouth Arts Institute for 2 years where he spent most of his time in the darkroom learning how to print in the traditional way. It was during this time that his love of photography was cemented. Andrew is equally at home working with Colour or Black and White images. He uses natural light predominately and loves to work outdoors. Travel and Documentary Photography feature heavily in his Portfolio of work as does Sport.

Andrew has a huge appetite for creating fresh and exciting pictures as well as having a genuine interest in the subjects that he photographs. It is for this reason that he continues to travel widely and discover new images that inspire him and others.

He undertakes commissions, sells fine art prints and works with a number of stock agencies worldwide.

Limited Edition Fine Art Prints are available on request.
