Professional Experience and Curriculum Vitae

I am graphic designer, who grew up in Rajasthan, studied in London, ran a design studio in Mumbai, who went on a 5 month back packing trip around South America, who loved a glass of wine with my meals and ran around with her dog.

Now I'm the (Rheumatoid Arthritis) RA girl who lives in Goa, who does yoga, who illustrates, who dreams of her own graphic novel and still tries to run around with her dog.
