Professional Experience and Curriculum Vitae

I strive to create interactions that place an emphasis on the needs of the user in an engaging and creative manner, while working within budget and time requirements.

I have 12 years of experience in the Digital Design industry, specializing in User Interface design, Mobile Interface design, wire framing and rapid prototyping. Ability to strategically product plan and execute across multi-functional teams in deadline-driven environments.

My specialties include:

Mobile Interface Design, Dashboard Interfaces, Creative Strategy and implementation, HTML5, JQuery, Front End Website Design, Rich Internet Applications, UI/UX, Interface Design, Hi Fidelity and Rapid Prototyping, Wireframes, Software Interfaces, Storyboarding, User Stories, Needs Finding, Functional Specification analysis, CSS, CSS3, Branding and Identity, Interactive Flip Books

Previous Clientele

Humana, Wolfgang Puck, Black and Decker, Exxon, Whitehouse Fellows
