Professional Experience and Curriculum Vitae

I am creator and designer of <http://beautyholdsmagic.weebly.com>. It's a hot spot to display your creativity and to shop for jewelry and art. I have a passion for beauty and our Earth. I design jewelry, crafts. I write, draw, and paint. I reduce, reuse, and recycle. BeautyHoldsMagic uses recycled or reused goods for packaging everything! We also do custom work.

Submit work of any kind for display or sale on our website to beautyholdsmagic@gmail.com.
