Professional Experience and Curriculum Vitae
Brady Curtright has over 13 years of experience in architectural design and project visualization. He has worked with some of the top names in hospitality design for international casinos and resort destinations around the world.

Brady's 3-D rendering and animation capabilities bring conceptual spaces to life, allowing both architects and developers to understand and appreciate all facets of the design solution as they are developed.

Brady's attention to detail and creative eye allow him to craft inspiring spaces. Taking those ideas and turning them into virtual reality has been his passion for over a decade.

Moving towards the future, Brady continues to explore excellent and evironmentally conscious design. Brady leverages both technology and artistry to generate 3 demensional renderings and graphics that are compelling and tell a story.
