Professional Experience and Curriculum Vitae

A native of Canada, Brian began his career at 12 when he demanded the second bathroom of his parent's home be turned into a darkroom. Since switching to digital, his darkroom is now a second bathroom. He spells colour with a "u", but rarely ends a sentence in "eh?", eh?

Clients have included Fortune, Businessweek, Rolling Stone, Esquire, GQ, Sports Illustrated, and Spin magazines, along with duPont, Fuji, GE, Kodak, PPL, Real Networks, Seattle Children's Hospital, Homestreet Bank, Symetra, Expeditors, and USAA Insurance.

Brian's images have appeared numerous times in Communication Arts, American Photography, and the AR100.

Although he began his career in Toronto and New York City, Brian's heart belongs to Seattle (at the moment).
