Professional Experience and Curriculum Vitae

Cheri Hughes is a creative problem solver. She is well known for her illustrations for Sydney's Child and Melbourne's Child. She also illustrates for Destinations Australia, Destinations Victoria and Period Home Renovator. She recently collaborated with Robert Vescio and illustrated 'No Matter Who We're With', a children's book about a family where the parents are separated.

She is also a guru in graphic design. Throw her a brief and she'll have it done. Whether it be a flyer, business card, catalogues, magazines, website, branding, logos, props and what nots, she's got your back.

Like I said, Cheri is a creative problem solver.
