Professional Experience and Curriculum Vitae

Over 30 years in graphic design. 21 of which were in the employ of major advertising agencies. First and foremost, an illustrator, but soon to add industrial 3D modeling and animation. Stay tuned... more info to come. Working on a website and Vimeo reel.

Specialties: Illustration, design, photo retouching and 3D modeling and animation

Previous Clientele

American Airlines, Pepsico, Frito Lay, Nationwide Insurance, Subaru, Greyhound, Zales, Texas Instruments, Dallas Zoo, Daikin Air Conditioning, Boat ED.com . Too many to list all.

Awards and Accolades

CAPABILITIES OUTLINE

Freelance graphic artist with 30+ years' experience in advertising design and print production. 21 Years of which were in the employ of Glen Bozell, Glen Bozell & Jacobs, Glen Bozell Jacobs Kenyon & Eckhardt and, finally, Temerlin McClain Advertising.

Through all the name changes and transitions I held positions as Lead Production Artist on the American Airlines account, and as Studio Manager, where I managed up to 11 artists and all print materials produced for an array of clients. As we made the transition to digital production I immersed myself in the technology, learning software and training the creative staff in the use of their workstations and software.

In my last position with Temerlin McClain, I had the privilege to work with the creative staff as an illustrator, designer and retouch and comp artist, working to create finished art as well as comps for new campaigns and new business.

A. SPECIALIZATIONS

- Digital Illustration
- Graphic Design
