Professional Experience and Curriculum Vitae

Uncle is a successful young design consultancy that has grown in stature and reputation since springing to life in 2007. With an enviable range of clients from a variety of industry sectors, we are proud to have worked with some of the biggest names in UK business.

At Uncle, we believe in a philosophy; clear concise communication speaks volumes. We take pride in delivering innovative, engaging creative solutions that connect with the intended audience. We leverage our design expertise to deliver tangible business benefits, focussing on acquisition and ROI.

We endeavour to provide clarity in our design, ensure our processes are easy to understand and strive to deliver solutions that simply work. Our team is highly experienced - with many years spent in and around big London agencies. By providing our clients with direct access to our senior people, we are able to create a relationship that is both open and highly productive.

Our studio is based in the historic market town of Reigate in Surrey. Our location, within 40 minutes of central London, gives us great access to our clients both in the capital and the surrounding areas, whilst our proximity to the M25 and Gatwick means that local, national and international clients alike are within striking distance.

We complement our specialist insight in travel, alcohol, financial services and luxury brands with wider experience gained working with retail and consumer brands, business services organisations as well as start-ups and SME's.

Uncle counts Virgin Holidays, Sun Resorts, Skype, Fidelity Investments and Encyclopaedia Britannica as part of a growing client base and have recently landed major projects for US based arms of The Economist, Platts and GameStop, the largest computer entertainments retailer in the USA.
