Professional Experience and Curriculum Vitae

I am a senior-level interaction creative with an experience of ten years in this field. My main focus is interface design, design management and interactivity in a broad way.

I use different tools in my daily job, mostly Photoshop and Illustrator - all this on a Mac or PC. I do some basic front-end coding (XHTML & CSS), SEO, Lo/Hi fidelity prototypes, wireframes, agile methodology and still care about accessibility issues. Illustrations, Design, good music, capuccino. I love them all!

Previous Clientele

This period I had the opportunity to work with great people for clients such: Goodyear, PDG, Colgate-Palmolive, JVC, GE, Bayer Pharma, Basf, Oxiten, Sabesp, and many others.
