## Professional Experience and Curriculum Vitae

Hello,

My name is Naiara. I am a film editor and motion graphic designer with over 8 years of experience in broadcast TV. I use both Avid and Final Cut for editing and color correcting, but also photoshop, illustrator, Motion, 3d max, and specially After Effects for making, color correcting and animating motion graphics.

You can have a look at my web page: [www.cutefilm.es](http://www.cutefilm.es). There you can see a demo reel and several motion graphics, which I have made in the last years.

Since moved to Sweden (about a year ago), I have been working as a freelancer for Eskilstuna TV and Eskilstuna Basket, making several videos and motion graphics for them.

I am a good team player, love developing concepts and ideas and I consider myself quite creative. But I can also sit for hours in front of the computer trying to make the best out of my ideas. I am passionate about my job and I am willing to work with people who can teach and inspire me.

My mother tongue is Spanish, but I but I can speak English and Swedish as well. If you have any questions, do not hesitate to contact me. I would be more than glad to be able to meet you in person and talk further.

Best regards,  
Naiara Seara
