Dana El Assi

Architecture

Professional Experience and Curriculum Vitae

Being creative, I think outside the box. I love architecture, photography and design. I am not afraid to explore and experiment with new things.

Architect : I have a degree in Architecture, I love to sketch and come up with conceptual ideas

Interior Architecture : I have experience in interior fit-outs and materials including tiling, carpet, granite...etc

Photographer : I love to take my camera and photograph everything beautiful, whether it was a beautiful scenery or a beautiful face.

Wedding Photographer : I love to take photographs of couples and their special moments. Photographs come out full of happiness and love.

Blogger : I love to write, I am currently developing my blogging skills. I am interested in blogging about fashion, design and the wedding industry.
