Professional Experience and Curriculum Vitae

Dominic Bünning is part of the creative collective Pony Ranch. We are working across the disciplines of moving image, photography, design and illustration.

The Pony Ranch is represented by a diverse portfolio for the music industry including music videos, cover photography, documentaries, concert films and album artworks for acclaimed german and international artists as well as editorial, advertising and free experimental work.

As an open collaborative environment we believe in the mixture of methods. Therefore we love to explore contemporary styles, combine live-action footage, hand-drawn illustrations, 3D renderings or stop frame animations to invent innovative techniques and striking visuals.

With passion and experience we are able to take productions from concept to delivery and develop extraordinary work for our clients.

Pony Ranch was founded in 2005 and is currently located in Kiel and Hamburg, Germany.
