Professional Experience and Curriculum Vitae

I will be graduate from Kingston University with Bachelor of Art degree in Graphic design & Photography.

As a graphic designer, I have great research and brainstorming skill. I learned how to efficiently do team work as a part of team. I am skillful in graphic design program. Moreover I am a real hand at photography. It is one of my good ability and confident media to visualize my idea.

All of my wide experience and background is inspiration of work. I am full of curiosity. I am interested everything. So there is no limit on my work. I can design everything innovative. I can photograph anything emotionally.
