Professional Experience and Curriculum Vitae

Designers Up North

North is not just a place. It's a direction, a movement, a collective of creative professionals with passion and expertise to burn. We design, we write, we develop, we work (hard) to deliver exactly what you are looking for.

What we are not

We are not an agency so you can forget about the sales pitch, the high fees, the sharp suits and the schmoozing.

What we are

We are a group of versatile freelance creatives who see each project as a blank piece of paper.

What that means

This way, each client gets something unique, something that works and something that we can all be proud of.
