### Some Interesting Cleaning Facts

There are many things outside and inside our homes, which want to harm us. This is why we clean our properties constantly. But have you ever considered these interesting cleaning facts?

- ➡ The kitchen sink contains more germs than the toilet.
- ➡ The allergy to dust and dust mites is the most common one.
- ➡ Most diseases in the world are caused by improper food handling.
- ➡ 70% of the dust particles are actually dead skin flakes.
- ➡ If you clean for 2 hours, you will burn 200 calories.
- ➡ Most cleaning products need to spend up to 60 seconds on the surface to start working.
