Professional Experience and Curriculum Vitae

Elizabeth provides her clients with innovative, creative solutions that present client customers with engaging user experiences that are aligned with their long-term business objectives.

With a background in both traditional print design and interactive media, Elizabeth brings expertise in creative strategy, art direction, production, interactive design and print management to her client base. With over 20 years of design experience, Elizabeth has helped lead creative endeavors for large institutions to early stage enterprises. Her business experience includes client management, sales and marketing, and operations as well as launching her own online greeting card venture and blog, Curatorial Me.
