Born in Valencia, elNorte is a collective formed by three graphic designers with a clear way of thinking about visual communication. The philosophy of our projects is based on define the essence of each work, synthesizing concepts to communicate and then make a bold graphic based on experimentation. Our goal is to create original designs with a strong personality.

Fundado en Valencia, elNorte es un colectivo formado por tres diseñadores gráficos con una manera clara de concebir la comunicación visual. Nuestra forma de abordar un proyecto se basa en definir la esencia de cada trabajo, sintetizando los conceptos a comunicar para luego realizar una gráfica atrevida basada en la experimentación. Nuestro objetivo es crear diseños originales y con personalidad propia.
