## Professional Experience and Curriculum Vitae

I'm a freelance illustrator, artist, and pattern designer from London with a strong graphic style that occasionally errs on the dark side when I watch Stephen King films or eat too many bananas. Much of my inspiration comes from nature, animals, botanical drawing, the psychedelic 60's, Monty Python, The New York graffiti scene, and 1980's pattern. Everything else I dream up in my doodle book. Some of my favourite artists include Mambo, Billie-Jean, Kandinsky, Jean-Michel Basquiat, Ian Stevenson, Jethro Haynes, Diddo, & Akamatsu Naoki
