Professional Experience and Curriculum Vitae

BIS//CUIT is a new contemporary tableware and homeware design brand established in 2010 by Portuguese ceramic designer Carla Santiago.

Our unique objects are inspired by the fields of fashion, graphic design, visual and decorative arts, gastronomy - even music culture. Combining these diverse influences, Estudio BIS//CUIT produces timeless and functional pieces for modern homes.

We embrace a discerning passion for creative living, and aim to inspire everyday life with our passionate creations.

Welcome to our world! :)
