## Professional Experience and Curriculum Vitae

I specialize in Graphic Design, Web site design (Accessibility & Usability), Internet marketing and search engine optimization.

I design for print, including corporate identities, packaging and promotional materials.

I am an experienced graphic & web design teacher, and I also love to work in a team, in which I bring an idea to life and challenging environment to prove my ability and creativity.

I'm interested in freelance-projects for advertising agencies and webdesign studios.
