Professional Experience and Curriculum Vitae

[6]elementos

6elementos is a multidisciplinary design studio created in 2005.

It is dedicated to the 6 basic principles of design: identity, print, editorial, packaging, señalética & web/multimedia.

We offer our clients overall design solutions resolving all of their needs. Our vast experience in this field lets us offer them the best possible service, guaranteeing the material on time and of the best quality.

Our philosophy is based on fulfilling all of the client's expectations, establishing a mutual relationship of trust that gives a better overcome of the end result. This end result is the satisfaction of the client's expectations.

Our objective is to push the client to the limit, we believe that by doing this their end product will be modern and up to date.

Our goal is to offer our clients overall design solutions resolving all of their needs, facing the design process as a whole. The different departments of the studio work together, generating an enriched brainstorming of ideas. We also offer specific services in each department of design.

[6]elementos is a design studio specialized in graphic representation.
