## Professional Experience and Curriculum Vitae

I am nearing completion of my Associate of Occupational Science in Web Design & Interactive Media at the Art Institute of New York City. This program is fully preparing me to enter the field of web design. I recently finished my branding concept for Foster Reisz Multimedia, and am very excited about transitioning to a summer internship.

## Previous Clientele

I am nearing completion of the website for the Vespa thesis film. It is live, but still under construction. <http://vespamovie.com>

I am consulting on the blog and about to be finished with the website for the recently published Fresh Widows: A Conversation. <http://freshwidows.net>
