Professional Experience and Curriculum Vitae

French native, Francis George, believes that photography is in a perpetual state of change. With over 30 years of experience Mr. George started his career in Cannes photographing celebrities during the yearly film festival for Cinema Magazine. With the combination of traditional and modern techniques, Mr. George's masterful command of light, film, and the digital media helped produce countless award-winning images through the National Advertising Federation and the AIGA. His photos have been published in Der Spiegel, White Wall, Home & Design, and New York Times.

Previous Clientele
