## **Professional Experience and Curriculum Vitae**

Frozenchoke hats are one-of-a-kind! I borrow elements from shirts, jeans, dresses, and accessories. Zippers, loops and buttons are collected and re-incorporated into new hat forms to create unique wearable art...for your head! Each hat is unique and no design is repeated! These are timeless design fashions and not your typical- "cookie cutter" fashion! I breathe new life into your hats!

## **Previous Clientele**
