Professional Experience and Curriculum Vitae

I am a storyteller. I tell traditional tales - anything from Greek myths to Grimms Tales, or longer ones such as Beowulf or Gawain and the Green Knight, depending on whether I am telling at a corporate banquet, a wedding, a school, library, or a historic site. I will tell to all ages and all sizes of audience.

I have over a dozen years of experience as a public speaker and lecturer, and, along with sessions where I tell stories for entertainment, I run workshops for children and adults in storytelling, creativity and public speaking skills. Workshops can be single hour, whole days, or multiple days depending upon the aims of the participants.
