Professional Experience and Curriculum Vitae

::hand press print:: produces hand printed lino prints as cards and prints to frame. Inspired by my surroundings and often with a strong Scottish flavour, original photographs are the basis for much of my work.

All of the prints are designed and made by hand in my studio. Most colours are hand mixed to get the shades and tones just right.

Commissions are taken for all occasions.

Previous Clientele Please kindly get in touch for more information.

Awards and Accolades Please kindly get in touch for more information.
