Professional Experience and Curriculum Vitae

I have been working as a photographer for 23 years. Over that time I have accumulated a wealth of experience in the areas of lifestyle, business, travel and portraiture photography. No matter the subject, the aim is to always capture the spontaneous and natural moment.

As well as regular shoots in the UK for a broad range of clients, my work has taken me around the world, a few examples include - lifestyle shoots on four continents for the launch of new mobile phones, shooting in Africa, Canada and Argentina for an outdoor clothing brand, locations in Bali and Brazil to shoot ads for an agro-chemicals client and multiple commissions in Dubai to shoot for telecoms and property companies.

LPA are my UK agent and they facilitate everything from initial quotes through to detailed planning and production.
