Awards and Accolades

Hey Ants is a simple and secure solution for users to transfer multiple or large documents/files. With generous GB limits, you can trust that the safe, secure transfer of files and documents is guaranteed, whilst on the move from mobile or via desktop.

Key Product Features:

- ? Ability to transfer multiple files and folders of 2GB up to 25GB depending on free or paid packages
- ? Multiple email recipients
- ? Customisable link expiry
- ? Ability to set file download period
- ? Free password protection on file transfers
- ? Notification of file sent
- ? Notification of file download by recipient
- ? Notification if file not downloaded
- ? Notification reminding users to download transfers that will expire soon

? Sign up using this link to get free additional data transfer capacity
