## Professional Experience and Curriculum Vitae

I am an illustrator based in London. My illustrations are predominantly figurative with decorative elements, inspired by music, pop culture, fashion. Pictures are extremely high in detail, filled with bold colors and decorative patterns. Because of that, the digital files are usually bigger than A3 sized page, so they are available even for poster sized prints.

## Previous Clientele

Millenium Records, Blackfriars Entertainment, Treasury Solicitors, NewWebPick, Pal Inalfa,
