Professional Experience and Curriculum Vitae

I am a graphic designer specializing in digital art. I am experienced in developing artistic concepts for marketing purposes. I have previously been involved in major projects in both video and still art that have been published in exhibitions and broadcasted media.

Previous Clientele

Please kindly get in touch for more information.

Awards and Accolades

Award

2008 International Design Award (IDA)

I was awarded in a worldwide competition, in the field of computer-generated character. My work was recognized in a ceremony in Los Angeles, CA. My work was also exhibited in the IDA exhibition, and in their annual publication, IDA Design Book 2008.

Professional Experience

2008-2009 ZUM LLC. • Art Director

- Managed major projects in collaboration with 3D designers around the world. I managed the work of the designers to comply with high visual standards, deadlines and underlying themes.
- Among the major projects in which I was involved are:
- A realistic 3D video depiction of the Hollywood sign, to be used in commercials, television shows and movies.
- 3D video depiction of the Sunnyvale Project, an architectural concept for an outdoor shopping center.
- Conceptualized artistic concepts for ZUM LLC's marketing campaign.

2007-2008 The 7th Art, New York, NY • 3D Artist

- Worked in a team of animators as a 3D artist, generated integrated models of architectural designs and different object. Rendered textures and lightings and edited images in Photoshop.
- Major Project: Sex and the City The Movie; designed architectural models for specific scenes.

2004-2005 Freelance Graphic Designer • Ra'anana, Israel

- Mor Avidan Landscape Architecture. 3D rendering of pending architectural projects.
- Bracha Group. Generated exterior and interior architectural designs.
- Various private and corporate customers. Illustration of invitations for large private events.
- Pixel Advanced Printing Services. Designed Logo and letterhead.

2000-2003 Service with the Israeli Defense Forces (Honorable Discharge)

- Artillery Brigade, Special Forces.
- Assigned to a graphic design group due to injury.

o 1st Place in Logo Design Competition

o My logo was selected as the insignia for a certain unit

Software Proficiency

? 3D Studios Max

? Rendering Engine V-Ray
