Professional Experience and Curriculum Vitae

Robin Joy Riggsbee and Clive Jacobson, fine artists and storytellers, take people by the heart and guide them on a playful, spirited journey through a new world of joy, wonder and possibility. Their world is at once universal and intensely personal, curiously familiar and entirely uncommon, full of discoveries at every turn. Robin Joy's inimitable creatures and Clive's oil paintings personify the timeless human dreams of self discovery, freedom, love and play.
