Professional Experience and Curriculum Vitae

My bias is toward action, I really enjoy discovering real human needs and solving them through Design.

I'm a Design Thinking Evangelist, an Inventor a Scientist an Artist a Poet a Writer a Coder.

I'm profoundly motivated to find and understand new things and I'm fully committed to make a better World an enjoyable life through technology, innovation and Beauty.

I'm also a nice guy, come on and write me some words.

Let me know about you, I really want you to be the next great thing to be discovered.
